THE NEW YORK SALE® GROUP

Coming together for one of the largest annual numismatic events (The New York International Numismatic Convention) the group holds three auctions on Tuesday, Wednesday and Thursday of the week-long conference in January and has held over 60 auctions since its conception. By combining a vast array of experience and knowledge the group strives to offer the best service to their clients and customers. Whether you are buying at the auction or a potential vendor for the sale, any member of the group can offer advice. Catalogues are produced to the highest possible standard and may be kept as a useful reference for serious buyers and coin collectors.

Over the years the group has aimed to achieve the best possible prices for their vendors and undertakes a marketing strategy which is proven by the excellent results achieved year upon year. In 2004 the sale of an 1825 Russian silver Rouble for US\$603,750 broke the world record price achieved for any non-US coin sold by public auction and since then lots have regularly attained prices well above estimates. In 2008 results from the Italian section of the sale made a staggering US\$1,118,400, four times the pre-sale estimate. The famous Prospero collection of Ancient Greek coins was professionally presented by the group in 2012 and resulted in numerous world records, finally realizing in excess of US\$26,000,000 for the 642 lots after 8 hours of auctioneering. The printed auction catalogue will remain a major reference work for many years to come and is a 'must have' for any collector of the series.

DMITRY MARKOV
Coins & Medals

Dmitry Markov Coins & Medals, New York

Dmitry Markov's interest in coin collecting goes back to 1972. In 1985 he graduated from the History Department of the Kiev State University (Ukraine) and received his M.A. for the thesis - "Monetary Circulation in Ancient Russia (8th to 13th cent. A.D.)". His broad interests in numismatics include Russia, Ancient Coinage especially those of the Northern Black Sea area, as well as Islamic Central Asia and Caucasus. He has published a number of research articles in these fields.

After coming to the U.S. in 1990, Dmitry Markov founded "Dmitry Markov Coins & Medals," a well-known leading firm dealing with Russian Coins and Medals. Dmitry Markov's continuing research on Russian, Ancient and Islamic coinage makes an invaluable addition to his very extensive auction catalogs. He has issued over 80 illustrated reference catalogues, as well as many other fixed price lists. Dmitry Markov Coins & Medals have been an elected member of the International Association of Professional Numismatists (IAPN) since 2000. M&M Numismatics Ltd.

M&M Numismatics Ltd, Washington DC & Switzerland

Münzen und Medaillen AG (M&M) was established in Basel, Switzerland in 1941. The founders were the brothers Dr. Erich Cahn and Dr. Herbert Cahn, professional numismatists, together with several eminent Swiss collectors. M&M became well-known in the post WWII period for its monthly fixed price lists, a series which continued for over 60 years. The firm has also conducted over 100 auctions, including great collections such as the Rosen (Ancient electrum), Bally (Roman), Kohlmoos (crown-sized coins) Sutter (Italy and Sicily) and many others. In partnership with Leu Numismatik, M&M also auctioned the Kunstfrend and Niggeler collections.

In the 1990s, Dr. Hans Voegtli assumed responsibility for Ancient coins and Dr. Bernhard Schulte for Medieval and modern coins. In 1996, M&M Numismatics opened in Washington, DC with Lucien Birkler as managing director. In 1997, M&M Deutschland opened in Weil am Rein, Germany, with Joachim Stollhoff as managing director. The Basel office closed in 2004, but both the American and German firms remain active. Today both companies continue the long tradition of serving collectors and look forward to serving your numismatics needs now and in the future.

CONDITIONS OF SALE

1. APPLICATION AND CONTRACTUAL RELATIONSHIP

1.1. By making a bid, a Bidder acknowledges his acceptance of these Conditions and will be bound by them.

1.2. Dmitry Markov Coins & Medals (Auctioneer), M&M Numismatics Ltd., act as Auction Agent for the Seller for the sale of a Lot to the Buyer unless any of these entities is in fact the owner of the Lot. As such, Auction Agent is not responsible for any default by the Seller or the Buyer.

1.3. The contract for the sale of a Lot is between the Seller and the Buyer and is subject to these Conditions and the Seller's Conditions.

2. PRE-SALE AND DESCRIPTIONS

2.1. Statements made by us in a Catalog, during the course of the Auction or elsewhere, describing a Lot, including its authorship, origin, age, size, condition, genuineness, authenticity, value or the state of preservation and strike are intended as a guide for interested Bidders. When a grade from an independent grading service is mentioned, the information is provided strictly for the convenience. These are statements of opinion only and should not be relied on as statements of fact. Illustrations of the Lots are for general identification only.

2.2. Lots by their nature are usually aged and varied in condition. The absence of any description of a defect, damage, modification or restoration in any Catalog does not imply that there are none.

2.3. Coins are graded to accepted international standards to the best ability of our specialists. You acknowledge that the grading of coins is subjective and may vary from specialist to specialist, as the process is by nature an art and not a science. For this reason, we do not automatically accept and are not bound by the opinions of third party coin grading services for any purposes including before and after the sale of a Lot.

2.4. If you are interested in a Lot, we strongly recommend that you view it in person before the Auction and form your own opinion of the description of the Lot.

2.5. We reserve the right to change any aspect of the published description of a Lot prior to the Auction. Any change may be published on our website, displayed at the Auction, announced by the auctioneer prior to the sale and/or communicated in any other manner.

2.6. All copyright in Catalogs, including images, belongs to Auctioneer.

3. ABSENTEE COMMISSION BIDS

3.1. If you are unable to attend the Auction personally, you may submit a Commission Bid and we will endeavor to purchase the Lot on your behalf for the lowest price possible. You must submit this in writing using the Commission Bid Form and send it to us by post, fax or email at least 24 hours prior to the Auction.

3.2. For all Commission Bids, you must supply your name and address, contact telephone number and email. You must also provide the Lot number and description of the Lot, the amount of your Bid and any other information requested in the Commission Bid Form or by us. It is your responsibility to provide the correct information and to ensure that we have received your Commission Bid.

3.3. We do not charge for this service and therefore we will not incur any liability for executing (or failing to execute) the Commission Bid.

3.4. If you submit a Commission Bid verbally (by telephone or otherwise), we shall not be responsible for any misunderstandings (by either us or our agents or you) in relation to your Bid. All bids made in this way must be confirmed in writing before the Auction.

3.5. If we receive two Commission Bids for equal value for the same Lot, the Bid received first by us shall take precedence.

3.6. "Buy" commissions and unlimited Commission Bids will not be accepted.

4. AUCTION SALE

4.1. This sale is a public auction sale conducted by licensed and bonded auctioneers.

4.2. Before the Auction, all potential Bidders must notify their name and address to the Auctioneer and, if required, provide proof of identity to our satisfaction and bank or other credit references. Bidders unknown to Auctioneer are requested to establish credit or deposit 25% of their bids before the sale. We cannot accept bids from minors.

4.3. The highest Bidder for each Lot shall be the Buyer. If there is a dispute, the Auctioneer shall have absolute discretion to determine the dispute including re-offering the disputed Lot for sale. Auctioneer reserves the right to refuse any bid he feels is not made in good faith.

4.4. A Bidder must submit a bid for an entire Lot and each Lot constitutes a separate sale. The Auctioneer shall, however, have absolute discretion to divide any Lot, to combine any two or more Lots, or to withdraw any Lot from the Auction without giving any reason (including after the hammer has fallen). Bidding shall be regulated at the absolute discretion of the Auctioneer. The Auctioneer has the right to refuse any bid.

4.5. All sales are final. Subject to Condition 4.4, the contract for the sale of the Lot is concluded on the fall of the hammer.

4.6. You cannot cancel your purchase of a Lot once the hammer has fallen.

4.7. Auctioneer reserves the right to include in any Auction its own material as well as material from affiliated or related companies, principals, officers or employees. Auctioneer may have direct or indirect interests in any of the Lots in the Auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG.

4.8. Auctioneer may bid for its own account at any auction.

4.9. All Lots are offered for sale subject to a Reserve.

4.10. Estimates in the Catalog are not limits or reserves but reflect the actual market prices and

are intended as a guide for bidders. The actual prices realized may be higher or lower than these valuations. The starting price will be about 80% of the estimates, unless there are higher offers.

5. PAYMENT

5.1. The Purchase Price payable by a Buyer is the Hammer Price plus a **Buyer's Premium of 20% of the Hammer Price**. Buyer of a lot is responsible for paying New York sales tax, unless the Lot is exempt.

5.2. Buyer of a Lot shall pay the Purchase Price in full before the Lot can be delivered to the Buyer.

5.3. Except where Condition 5.2 applies, any part of the Purchase Price outstanding after the Auction shall be payable by you within 14 days of the date of the Auction, the due date.

5.4. The Purchase Price is payable by you in cash in full in US funds. You are not entitled to set-off any amounts that you claim are due from us or anyone else or make any other deductions.

5.5. Unless we have agreed in writing otherwise, you shall act on your own account as principal in respect of the sale and therefore if you accept a commission from a third party to bid on their behalf, you do so at your own risk and will remain personally liable (jointly with your principal) to us for the Purchase Price in accordance with these Conditions.

5.6. The methods of payment and surcharges are set out below.

5.7. If the Purchase Price has not been settled within 30 days of the Auction date interest will be charged at 2% per month from the due date of payment to the date that cleared funds are received whether that is before or after any legal judgment. This is without prejudice to any other rights that we have for non-payment.

5.8. If you fail to comply with your obligations under these Conditions, the Lot, in respect of such non-compliance, may at our discretion be put up for sale at Auction or privately and resold. In this case, you will be liable in full and will indemnify us for all losses, costs and expenses (including attorneys' fees and legal costs) incurred as a result, including the costs of the resale and the amount (if any) by which the Hammer Price obtained on the resale is less than the Hammer Price obtained on the original sale of the Lot to the Buyer.

6. RISK, TITLE AND DELIVERY

6.1. The risk of damage/loss to the Lot will pass to the Buyer on the fall of the hammer. Title in a Lot will not pass to the Buyer until the Purchase Price has been paid in full.

6.2. Unless agreed by us, you should collect the Lot within 7 days of the date of payment in full. We reserve the right to charge for storage and to resell by Auction or privately without notice to you, if a Lot is not collected. Alternatively, we will send the Lot to you by recorded post. Postage and insurance costs will be charged as additional costs.

6.3. Except in relation to Forgeries, you must satisfy yourself that the correct Lot has been delivered to you at the time of collection/delivery. We will not be responsible for any discrepancy which might be discovered after the Lots have been collected. If we have shipped the Lot to you, we will not be responsible for any discrepancies if you fail to notify us within 24 hours of receipt.

6.4. It is the Buyer's responsibility to obtain any necessary import, export or other licenses required in relation to a Lot.

7. GUARANTEE FOR FORGERIES

7.1. Auctioneer is a member of the International Association of Professional Numismatists and in accordance with the conditions of membership, shall provide a guarantee to the Buyer for all Lots against Forgeries on the terms set out in these Conditions ('Guarantee').

7.2. For the purposes of these Conditions, a 'Forgery' means an imitation that has been created with the fraudulent intent to deceive in respect of the authorship, origin, date, age, period and the correct description does not correspond with the description in the Catalog and as a result has a value significantly less than it would have been had it been genuine.

7.3. You must notify us in writing within one (1) month of you becoming aware that the Lot may be a Forgery. The Lot must be returned to us in the same condition as at the time of sale and you must submit evidence that the Lot is a Forgery, the onus being on you to prove that it is a Forgery.

7.4. You acknowledge that:

(a) we reserve the right to re-assess the Lot or engage at our expense any expert or authority considered by us at our sole discretion to have the necessary expertise to undertake a re-assessment of the Lot;

(b) following our re-assessment of the Lot, you agree to be bound by our decision as to whether or not the Lot is a Forgery.

7.5. You shall not be entitled to a refund for a Forgery if:

(a) the grounds for claiming that the Lot is a Forgery is based primarily on a difference of opinion between us and a third party providing coin grading services;

(b) the grounds for claiming that the Lot is a Forgery is by reason of any damage and/or restoration and/or modification work of any nature;

(c) the description of the Lot in the Catalog was in accordance with generally accepted opinions of numismatic specialists as at the date of publication or the catalog indicated that there was a conflict of opinion.

(d) it has been proved that the Lot is a Forgery by applying a method that was unavailable or not generally applied within the industry of numismatics as at the date of publication of the catalog or was disproportionately expensive, in both cases as determined in our absolute discretion.

7.6. If we agree that the Lot is a Forgery then subject to:

(a) you being able to confirm in writing that you can transfer legal and beneficial title to

the Lot to us or as directed by us free from all encumbrances or third party claims of any nature; and

(b) the exclusions in Condition 7.7, then the sale of the Lot will be rescinded so that it is canceled and we will refund the Purchase Price to you in full.

7.7. Your right to return the Lot and receive a refund of the Hammer Price under the Guarantee is your sole remedy against us, our agents and sub-contractors and/or the Seller for a Forgery. You will not be entitled to claim interest on the amount due to you. Neither we, our agents or sub-contractors nor the Seller shall be liable for costs, expenses, damages or any other liability however it arises relating to a Forgery.

7.8. In accordance with the restriction in Condition 10.2, the benefit of the Guarantee is personal to the Buyer and is not transferable to a new owner of the Lot or any other person.

8. EXCLUSION OF LIABILITY AND WARRANTIES

8.1. Except where these conditions expressly state otherwise, no warranty as to merchantability or fitness for a particular purpose is given to a buyer concerning a lot and each lot is sold "as is" and as shown with all faults, imperfections, errors of description (including authorship, origin, age, size, condition or value) or lack of authenticity or genuineness and neither we nor the seller nor any of our agents or sub-contractors will be liable for any damages, costs, expenses or any other liability arising out of the same whether or not caused by negligence. Furthermore, the Auctioneer offers no representation that a numismatic item has or has not been cleaned; that any toning is natural or artificial; that any coin will meet the standards or grade of any independent grading service; that any item has a particular provenance or pedigree, or that a numismatic item is struck or produced in a particular style. Any statement concerning such matters reflects an opinion only. Questions regarding the minting of a coin as a proof or as a business strike relate to the method of manufacture and not to authenticity. The auction is not an approval sale.

8.2. Except as provided in 6.3, any claims for adjustment other than authenticity must be made in writing within seven (7) days after delivery of the goods. No Lots may be returned without our written permission. It is the Buyer's responsibility to have the Lots fully insured while in his possession. Our maximum liability under these Conditions is the amount of the Purchase Price paid by you.

8.3. Notwithstanding anything to the contrary in these Conditions of Sale, Coins listed in this catalogue graded by PCGS or NGC, may not be returned for any reason whatsoever. Whatever current guarantees and or warranties granted by PCGS and or NGC mirrors ours.

8.4. All oral and written statements made by the Auctioneer and its employees (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of the Auctioneer has authority to vary or alter these Conditions of Sale. Any alteration shall be effective only if in writing and signed by an officer of the Auctioneer authorized to do so.

8.5. Neither we nor any of our agents or sub-contractors shall be liable, whether in tort (including negligence or breach of statutory duty), contract, misrepresentation or otherwise:

(a) for loss of profits or business, depletion of goodwill and/or similar losses; loss of contracts; or

(b) any special, indirect, incidental, consequential, exemplary or pure economic loss, costs, damages, charges or expenses.

8.6. We shall not be liable to you or be deemed to be in breach of these Conditions by reason of any delay in performing, or any failure to perform, any of our obligations in the Conditions, if the delay or failure was due to any cause beyond our reasonable control.

8.7. Nothing in these Conditions excludes or limits our liability for any matter which it would be illegal for us to exclude or attempt to exclude under New York law or for our fraud or fraudulent misrepresentation.

9. DATA PROTECTION

9.1. By agreeing to these Conditions, a Bidder acknowledges and agrees that we will use personal information of a Bidder for the purpose of the Auction and ancillary matters, including providing a Buyer's personal details to any other person where necessary to enforce our rights under these Conditions.

10. GENERAL

10.1. These Conditions and the Seller's Conditions constitute the entire agreement between us and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. All other terms, warranties and representations, express or implied by statute or otherwise are excluded to the fullest extent permitted by law. No variation to these

Conditions shall be legally binding unless agreed in writing by us.

10.2. All rights and benefits granted to a Bidder under these Conditions are personal to him and may not be assigned or in any other way transferred to any other person. Any such assignment or transfer will be invalid and unenforceable against us.

10.3. A notice required or permitted to be given by either of us to the other under these Conditions shall, in the case of a Bidder, be to the last address notified to us and in the case of Auctioneer, shall be to the registered office of Auctioneer.

10.4. No failure or delay by us in exercising any of our rights under these Conditions shall be deemed to be a waiver of that right, and no waiver by us of any breach of these Conditions by you shall be considered as a waiver of any subsequent breach of the same or any other provision.

10.5. We may perform our obligations and exercise our respective rights through any of our group companies or assign our rights under these Conditions.

10.6. If any provision of these Conditions is held by any court or other competent authority to be invalid or unenforceable, in whole or in part, the validity of the other provisions and the remainder of the provision in question shall not be affected.

10.7. These Conditions, as well as the Buyer's and our respective rights and obligations hereunder, shall be governed by and construed and enforced in accordance with the laws of the State of New York. By bidding at the Auction, whether in person, by agent, Commission Bid, telephone or other means, the Buyer shall be deemed to have consented to the exclusive jurisdiction of the state courts of, and the federal courts sitting in, the State of New York.

Son of Ercole Teodoro and Orsina Sforza di Caravaggio, Antonio Teodoro, third Prince of Musocco, pursued a military career with Spain as had his father. He was given the captaincy of the Italo-Spanish heavy cavalry by Felipe IV and on his father's death in 1664 (in the prisons of Lodi), became General of the Militias. A short time after, Antonio Teodoro was named a Grandee of Spain and awarded the Order of the Golden Fleece. He was granted the small Lombard fief of Retegno by the emperor, but did not begin to exercise mint rights until 1676. Not yet 30, he died on the 26th of July 1678 in mysterious circumstances. His brief but exceptional and attractive coinage was minted in gold and silver in several denominations, all which are highly prized by collectors.

Christopher Bathori was made Captain of Várad (now Oradea in Romania) by his younger brother Stephen when the latter became Voivode of Transylvania on the death of John Sigismund Zápolya, the first Prince of Transylvania (who both brothers served as military commanders). After Stephen was elected King of Poland, he adopted the title of Prince of Transylvania and passed the mantle of voivode in January 1576 to Christopher, whose appointment was confirmed by the Sublime Porte at the Diet of Gyulafehérvár latter that summer. During Christopher's reign the Jesuits were granted lands in Transylvania in order to strengthen the Roman Catholic Church there notably after troubles with the country's Unitarian Church dissenters. After his second wife Elisabeth Bocskai died in early 1586, Christopher fell seriously ill. In order to prevent the installation of an Ottoman candidate, the Diet elected his only living son, Sigismund, who was still a minor, as voivode before his father's death. Christopher Bathori died in Gyulafehérvár on the 27th of May, 1581.

An Enigmatic Pair of Transylvanian Homage Issues.

- 1210** Gabriel Bethlen / Bethlen Gábor (1613-1629). Homage Ducat in Silver, 1613. Szeben (Sibiu) / Hermannstadt. 8.81g. Possibly 18th or 19th Century strike. VERA / SALVS CHRI / STVS TVA SCE / PTRIA SALVTE / CORONET / .1613. (The "C" in CHRISTVS smaller than the other letters, the second O and N distinctly separate). *Reverse:* Crowned shield with crossed swords and inverted Saxon triangle CI-BI; .ET FERAT AVSPICIIS PROSPEKA VELA TVIS.. Resch illustrates the Silver Homage Ducat on page 257, number 12 (plate 85) calling it a falsification. But his illustration clearly shows the "C" in Christus the same size as the other letters and the O and N as not distinct. Moritz Wormser, notes in "Coins and Medals of Transylvania in New York Collections," American Journal of Numismatics Vol. XLVIII, 1915, p.170 that the Montenuovo (Collection) catalogue points to the characteristics as on this piece here as that of genuine specimens. Wormser, AJN XLVIII, 1915, p. 169, 41; Martin Schmeizel "Erläuterung Gold- und Silberner Münzen von Siebenbürgen," Magdeburg, 1748, p. 65. Extremely Fine.
